财务审阅摘要
Executive Financial Comparison

Saffron Workshop Example • 完全虚构 / Entirely fictional

财务比较 / Financial comparison	2025-Q1 MYR	2025-Q2 MYR
毛利 Gross profit	84,000.00	96,000.00
净利润 Net profit	25,000.00	27,000.00
经营现金流 Operating cash flow	18,000.00	9,000.00
营运资本 Working capital	52,000.00	57,000.00
经营资金余量（非可提取资金） Operating headroom (not withdrawable cash)	-4,000.00	-13,000.00

利润与经营现金 / Profit vs operating cash

第二期净利润为 RM27,000，经营现金流为 RM9,000。两期差异是观察结果，不足以确认原因或推断长期趋势。

In Q2, net profit is RM27,000 and operating cash flow is RM9,000. The difference is an observation, not a confirmed cause or a long-term trend.

> **Operating Headroom • 指标定义**
>
> Closing Cash − Restricted Cash − Committed Cash − Minimum Operating Reserve
>
> 这是当前原生公式；不扣减 Other Obligations（两期样本均为 0）。受限现金、独立承诺及额外储备在合成假设中互不重复。
>
> Other Obligations is not deducted (zero in both samples). Restrictions, distinct commitments and the additional reserve are assumed non-overlapping for this synthetic example.

负余量不等于银行负余额。经营者可提取资金仍为 **Unknown / 未知**，并非提款批准。

Negative headroom is not a negative bank balance. Owner Accessible Cash remains Unknown and does not authorize drawings.

Calculation: BFT-R3:operatingHeadroom • LOCAL-FINANCIAL-COMPOSITION-R3

SYNTHETIC ONLY • NOT AUDITED • NOT FOR CUSTOMER RELEASE
仅合成资料 • 非审计 • 未准入客户发布

证据、解释与行动草稿
Evidence, Findings & Proposed Actions

来源与边界 / Sources and evidence gaps

两期损益、资产负债和现金变化仅作数学核对。应收／应付页为余额摘要，没有发票、到期日或账龄分组；DSO 和逾期分析仍待补证据。

Statements are mathematically reconciled, not audited. Receivables and payables are balance summaries without invoice dates, due dates or aging buckets. DSO and overdue analysis remain unavailable.

发现与其他解释 / Findings and alternatives

应收款及库存增加可能影响现金，但仍需发票、实际回款和债务条款确认。也可能涉及采购时点、现金限制及遗漏的承诺。

Higher receivables and inventory may affect cash, subject to invoices, collections and debt terms. Purchase timing, restrictions and missing commitments are alternative explanations.

拟议行动 / Proposed actions

1. 财务审核人核对发票与后续回款。2. 经营者与财务审核人核对债务、资金限制及提款政策。

1. Finance reviewer: reconcile invoices and later collections. 2. Proprietor and reviewer: examine debt, restrictions and withdrawal policy. Actions are proposed, not approved or completed.

优先级：高；需要发票、结算及承诺凭证。2025-07-15 为合成情景审阅日期，不是真实指派。
Priority: high. Evidence: invoices, settlements and commitments. The 2025-07-15 review date is fictional, not a live assignment.

审核与发布 / Review and publication

独立合成账户 C 仅审核本地来源。非专业签发；正式数据、解释和客户发布准入均未授予。不自动提供保险、投资、税务或融资建议。

Independent synthetic Account C reviewed local sources only. This is not professional release; formal data, interpretation and publication are not admitted. No automatic insurance, investment, tax or financing advice.

保留原加密来源及审阅摘要；7 天本地合成策略不是生产保留政策。真实经营者提款还需适用的经营、法律及授权证据。
Encrypted sources and reviewed summaries are retained under the existing local synthetic seven-day policy, not a production policy. Owner access requires applicable operational, legal and authorization evidence.
