PHIOS REALITY NAVIGATION

WHAT IS BAZI?

A system for understanding life structure through time.

Bazi, also called the Four Pillars, is a traditional system that uses the year, month, day, and hour of birth to read the energetic structure of a life. Through the combination of Heavenly Stems and Earthly Branches, it offers a structured lens for understanding natural tendencies, strengths, timing, and direction.

Bazi is not fatalism. It is a way to ask clearer questions:

- Who am I?
- How do I operate in different environments and periods of time?
- Where are my natural strengths and development paths?
- How can I work with change more wisely?

Bazi does not tell you what must happen.
It helps you understand yourself,
so you can choose with greater clarity.

FUTURE

WHY HAS BAZI ENDURED THROUGH TIME?

A life-observation system carried across centuries.

Bazi traces back to classical Chinese astronomy, calendrical systems, yin-yang thought, and the Five Elements. By observing the relationship between seasonal cycles, celestial patterns, and human life, earlier thinkers developed a time-based framework for understanding life structure.

EARLY FOUNDATIONS

The ideas of yin-yang and the Five Elements gradually formed the early understanding of life and cosmos.

HAN DYNASTY

Calendrical systems and stem-branch structures became more established, laying key foundations for Bazi.

TANG AND SONG

Bazi interpretation matured and became widely used for personal life reading.

MING AND QING

Schools, commentaries, and applied methods expanded, allowing the system to continue evolving.

Bazi has endured because it is more than a prediction tool.
It is a deep observation of time, nature, and human life —
and it still offers meaningful insight today.

HOW DOES PHI OS USE BAZI?

Traditional wisdom × modern perspective × practical application.

PHI OS respects the traditional foundations of Bazi while applying it in a modern, structured, and practical way. Our goal is not to fix your life into a label, but to help you understand your structure and use it more clearly in real life.

STRUCTURED ANALYSIS

We organize classical Bazi logic into a clearer and more systematic reading.

FOCUS ON PERSONAL GROWTH

Rather than emphasizing fate, we focus on your traits, strengths, and room for development.

CONNECTED TO REAL LIFE

We relate Bazi insight to areas such as work, relationships, family, and personal direction.

NEUTRAL AND PRACTICAL

We do not offer absolute predictions.
We provide perspective, so you can make clearer decisions.

Bazi does not define your life.
It helps you live with more understanding and possibility.

HOW TO READ THIS REPORT

A structured guide created for your reading journey.

1

UNDERSTAND THE OVERALL STRUCTURE

The report begins with your life structure and then unfolds into traits, strengths, challenges, timing, and development direction.

2

FOCUS ON THE KEY INSIGHTS

Each section highlights the most important ideas and practical takeaways.

3

READ IN RELATION TO YOUR REAL LIFE

Use the report as a structured lens and connect it with your lived experience and present situation.

4

RETURN, REVIEW, AND APPLY

This report is not the end of the conversation. Revisit it at different stages of life and discover new meaning over time.

The real value is not in knowing the future.
It is in making clearer choices through
understanding.

The day stem is the reference point

Day Master	Month command	Pillars
癸 Water	午 Fire	4

Unweighted inventory count

Structure

Each column preserves its stem and branch source.

Condition

Final strength remains open.

Observe

Compare the structure with lived observations.

Unweighted counts, not strength scores. No final strong/weak verdict.

09

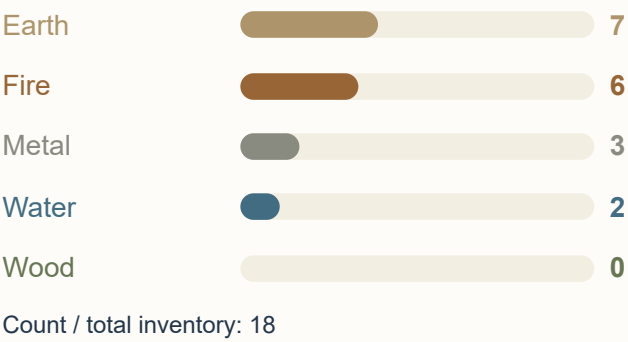

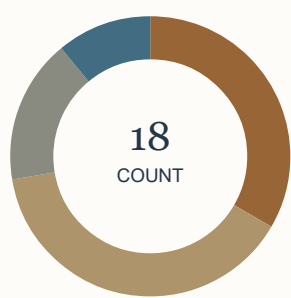

/ 26

STRUCTURAL

Five Elements Distribution

How are the unweighted element counts distributed?

Element inventory

Count composition

Element	Stems	Branches	Hidden	Total
Wood	0	0	0	0
Fire	0	3	3	6
Earth	2	1	4	7
Metal	1	0	2	3
Water	1	0	1	2

Unweighted inventory count

Structure

18 unweighted inventory entries.

Condition

Final strength remains open.

Observe

Compare the structure with lived observations.

Unweighted counts, not strength scores. No final strong/weak verdict.

10

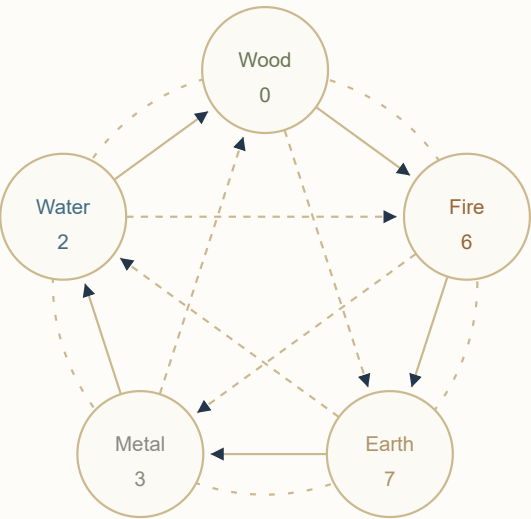

/ 26

STRUCTURAL

Five Element Relationships

How do generating and controlling relationships connect the elements?

Generating & controlling cycles

Solid → generates

Wood → Fire
Fire → Earth
Earth → Metal
Metal → Water
Water → Wood

Dashed → controls

Wood → Earth
Earth → Water
Water → Fire
Fire → Metal
Metal → Wood

Inventory stays distinct from relationship intensity

Structure

Arrows show the five-element rule, not personal intensity.

Condition

Final strength remains open.

Observe

Compare the structure with lived observations.

Unweighted counts, not strength scores. No final strong/weak verdict.

11

/ 26

STRUCTURAL

Structural Balance & Tension

Which support, outward and pressure signals are visible?

Visible signal balance

Raw visible counts · common scale: 0–4

Separate context

Root records	Day Master	Month command
1	癸	午

Source-bound structural records

Structure

Visible counts stay separate from roots.

Condition

Counts do not establish strength.

Structural signals only; no strength score or life-outcome prediction.

12

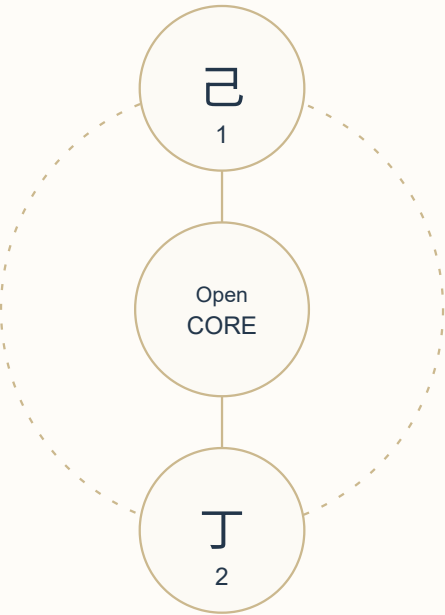

/ 26

STRUCTURAL

Primary Structural Pattern

Has a primary pattern been established?

Primary verdict remains open

1 · Seven Killings

䷗

2 · Indirect Wealth

Roots and visible support use different counts.

Condition

Zero visible support does not mean no life resources.

Observe

Check support in the actual situation.

Structural signals only; no strength score or life-outcome prediction.

15

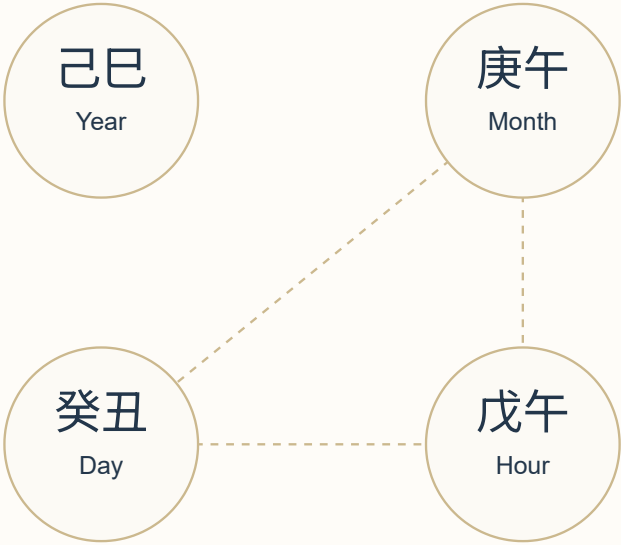

/ 26

STRUCTURAL

Structural Pressure & Friction

Where are the admitted tension relationships located?

Pillar tension map

- Branch harm**
Month ↔ Day
- Branch harm**
Day ↔ Hour
- Self-punishment**
Month ↔ Hour

Distinct signal counts

Visible pressure	Tension relationships
3	3

Source-bound structural records

Structure 3 recorded tension relationships.	Condition A relationship does not predict an event.	Observe Compare the positions with actual observations.
---	---	---

Structural signals only; no strength score or life-outcome prediction.

16

/ 26

STRUCTURAL

Self & Direction

How do the functions connect in daily life?

Domain structure

Key themes

Source-selected lead

Officer

Candidates	2
Interfaces	4
Priority themes	5

Support context

Roots 1 Support 0

Demand context

Outward 4 Pressure 3

Observe in context

Day Master 癸 Month branch 午 Priority themes 5

Unweighted source occurrences; the marked lead follows the domain owner, not the largest count.

Structure

Life operation asks whether support, output, resources, responsibility and relationships can circulate as one system.

Condition

The key is not which function wins permanently, but whether support, output, resources and responsibility can return to a sustainable circulation across changing periods.

Domain composition, not a prediction. Counts are not strength or outcome scores.

17

/ 26

STRUCTURAL

Relationships

Which functions shape the relationship interfaces?

Domain structure

Key themes

Source-selected lead

Officer	
Candidates	2
Interfaces	4
Priority themes	4

Support context

Roots 1 Support 0

Demand context

Outward 4 Pressure 3

Observe in context

Day Master 癸 Month branch 午 Priority themes 4

Unweighted source occurrences; the marked lead follows the domain owner, not the largest count.

Structure

Relationships are read through recurring interfaces between self-position, rules, resources and support, not through a single spouse label.

Condition

Relationship structure is best used to observe interaction style, boundaries and recurring interfaces rather than to predict marriage, separation or one fixed partner outcome.

Domain composition, not a prediction. Counts are not strength or outcome scores.

18

/ 26

STRUCTURAL

Career & Work

Which functions compose this work domain?

Domain structure

Key themes

Source-selected lead

Officer

Candidates	2
Interfaces	4
Priority themes	5

Support context

1

Support

0

Demand context

Outward

4

Pressure

3

Observe in context

Day Master

癸

Month branch

午

Priority themes

5

Unweighted source occurrences; the marked lead follows the domain owner, not the largest count.

Structure

Work is read here as the way output, responsibility, resources and learning are organized into a usable role.

Condition

Career structure can change with role, organization and timing. This describes work dynamics rather than fixing one profession into a guaranteed success-or-failure outcome.

Domain composition, not a prediction. Counts are not strength or outcome scores.

19

/ 26

STRUCTURAL

Resources & Money

Which functions participate in resource exchange?

Domain structure

Key themes

Source-selected lead

Wealth	
Candidates	1
Interfaces	4
Priority themes	2

Support context

Roots 1 Support 0

Demand context

Outward 4 Pressure 3

Observe in context

Day Master 癸 Month branch 午 Priority themes 2

Unweighted source occurrences; the marked lead follows the domain owner, not the largest count.

Structure

Wealth is read as the chart's resource flow: what can be produced, managed, exchanged and protected.

Condition

Resource structure describes how money, opportunity and exchange enter the chart; it is not an income promise. Real outcomes still depend on choices, markets, responsibilities and timing.

Domain composition, not a prediction. Counts are not strength or outcome scores.

20

/ 26

STRUCTURAL

Timing Architecture

Which time layers are actually available?

Time layers

Luck pillar sequence · ages

Target context

No target selected

Source-bound structure; no accuracy or energy score.

Structure

Age bands preserve the source sequence.

Condition

No target means no current-period selection.

Method structure is not lived evidence or a predicted outcome.

21

/ 26

STRUCTURAL

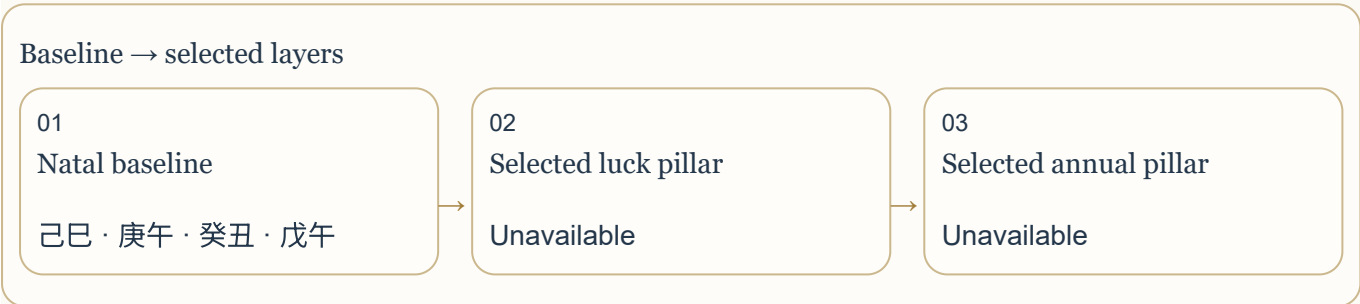

Current or Selected Period

What belongs to the selected time window?

Explicit selection

No target selected

Target required

Natal baseline				
Day Master	癸	Month branch	午	Root records
				1

Layer boundary				
Natal	Retained	Timing	Not selected	Reality evidence
				Separate

Source-bound structure; no accuracy or energy score.

Structure

The selected window does not replace the natal baseline.

Method structure is not lived evidence or a predicted outcome.

22

/ 26

STRUCTURAL

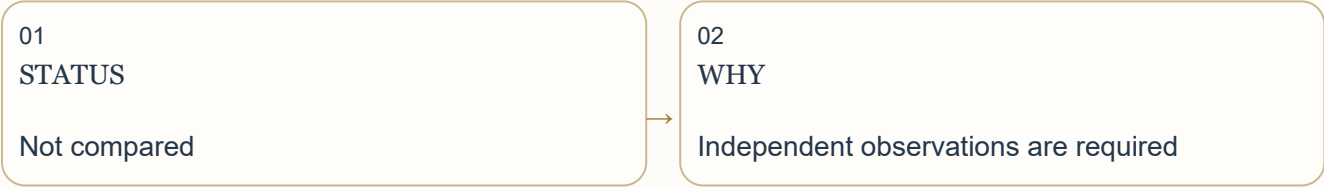

Current Reality Comparison

What can be compared with independent observations?

Comparison boundary

Comparison state

Independent records are needed

Source-bound structure; no accuracy or energy score.

Structure

Method evidence is not Current Reality evidence.

Method structure is not lived evidence or a predicted outcome.

23

/ 26

STRUCTURAL

Observable Signals

When should the method theme be compared with experience?

Observe through contrasting situations

01

WHEN

Across work settings

02

OBSERVE

Across your last two or three work settings, which mix of responsibility, output, resources and learning kept repeating?

03

COUNTER-SIGNAL

What kind of role looks suitable on paper but becomes unsustainable once the real carrying cost appears?

Natal baseline

Day Master 癸 Month branch 午 Root records 1

Observation boundary

Prompt Question Record Not supplied Conclusion Open

Source-bound structure; no accuracy or energy score.

Structure

These are observation prompts, not observed facts.

Method structure is not lived evidence or a predicted outcome.

24

/ 26

STRUCTURAL

Opportunities & Risks

Which support and carrying conditions deserve investigation?

Explore conditions before conclusions

01

OPPORTUNITY

When the same responsibility becomes easier to carry, what changed first: support, clarity, authority, time or resources?

→

02

CONDITION

Reliability still depends on whether roots 1, support 0 and output cost 4 can work together over time.

→

03

RISK

What kind of role looks suitable on paper but becomes unsustainable once the real carrying cost appears?

Natal baseline

Day Master 癸 Month branch 午 Root records 1

Observation boundary

Prompt **Question** Record **Not supplied** Conclusion **Open**

Source-bound structure; no accuracy or energy score.

Structure

Exploration questions, not predictions.

Method structure is not lived evidence or a predicted outcome.

25

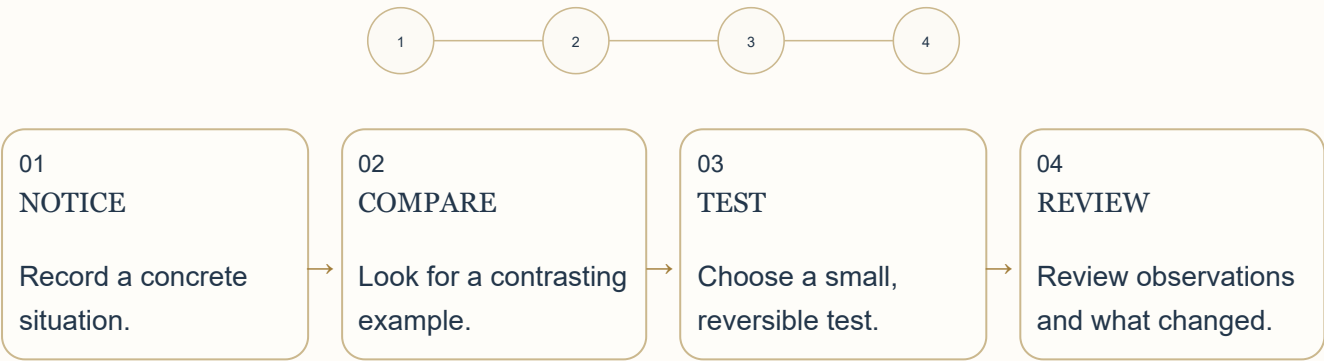

/ 26

STRUCTURAL

Reality Navigation

How can observation lead to a reviewable next step?

A path from noticing to review

Keep the comparison open

Notice	Context	Compare	Contrast	Review	Changes
--------	---------	---------	----------	--------	---------

Natal baseline

Day Master	癸	Month branch	午	Root records	1
------------	---	--------------	---	--------------	---

Source-bound structure; no accuracy or energy score.

Structure

This is an observation workflow, not a method verdict.

Method structure is not lived evidence or a predicted outcome.

26

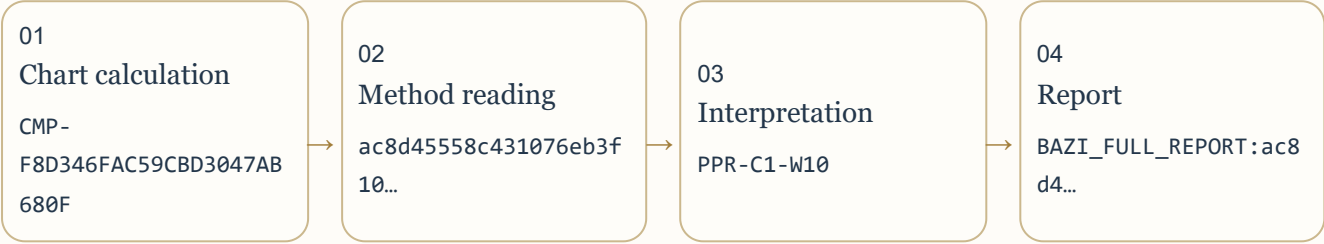

/ 26

STRUCTURAL

Evidence, Boundary & Closing

Which lineage supports this report, and what remains open?

Evidence & lineage

Method-side source records

Findings	Method evidence	Authorities	Open items
13	13	11	6

Current Reality stays independent

Method	Traceable	Reality	Not supplied	Verdict	Not promoted
--------	-----------	---------	--------------	---------	--------------

Source-bound structure; no accuracy or energy score.

Structure

Current Reality evidence remains separate.

Condition

Your life, in context.

Method structure is not lived evidence or a predicted outcome.
